ABOUT US

With a turnover of 160 crores, Axi Lam Group has major businesses in the field of manufacturing of PVC Pipes under Vinayak Polypipes Pvt. Ltd. and ceramics under the brand name of Oreana Quartz Stone. With a generous exposure to multifaceted manufacturing practices, we have now forayed into the world of laminates under our venture named Axi Lam Pvt. Ltd., which possesses a manufacturing facility located 70 kilometers away from Ahmedabad. With proper infrastructure and perfect location, Axi Lam Pvt. Ltd. aims to manufacture decorative and industrial laminates that have class and quality, consistent with international norms. Also, in order to minimize environmental impact, a waste area of 4 acres has been specifically allotted for this task.

With a motto to set its goal on achieving a share in global laminate markets, Axi Lam Pvt. Ltd. continues to adhere to best technological practices, service and quality standards.

ASK FOR ANTI BACTERIAL LAMINATE ?

AN INVENTIVE RANGE OF ANTI-BACTERIAL LAMINATES AVAILABLE ON DEMAND

Taking care of your core spaces that are used on a day-to-day basis and are prone to easy wear & tear, the anti-bacterial laminates are used in places like kitchen tops, cabinets, table tops and maximum use areas that are in constant touch with food and kids. With these laminates, one can be rest assured that the harmful particles will be put at bay and it will serve as a worthwhile solution.

TERMITE PROOF LAMINATES

Presenting a range of laminates that will protect your spaces from termites and keep it clean and healthy at all times. For your core spaces, it's mandatory to have a surrounding of absolute cleanliness and hygiene, with termite proof laminates.

Disclaimer : Prices vary with respect to type, finish, thickness, size and colour. Please consult with our branches / dealers / factories before quoting.

Advance notice of intended discontinued items will be made known to our regular customers. Our company shall not be held liable for any consequences resulted from disruption of supply.

High Pressure Laminates are meant for indoor use only. Avoid using on areas exposed to direct sunshine or light reflective areas.

Limited warranty: Axi Lam Pvt. Ltd. warrants that, under normal use and services, the material and workmanship of their products shall conform to the standards set forth on the applicable technical data sheet for a period of twelve (12) months from the date of sale to the first consumer / purchaser. Dealers and distributors are provided with the technical data sheets, which contain specific standards of performance for the product. In the event that a product does not perform as warranted, the purchaser's sole remedy shall be limited to repair or replacement of all or any part of the product, which is defective, at the manufacturer's sole discretion. This warranty is not transferable, and expires upon resale or transfer by the first consumer/purchaser. This warranty shall not apply to defects or damage arising from any of the following: Accidents, abuse or misuse, exposure to extreme temperature and improper fabrication or installation, improper maintenance. No other warranties, expressed or implied, are made. Under no circumstances shall the manufacturer be liable for any loss or damage arising from the purchase, use, or inability to use this product, or for any special, indirect, incidental, or consequential damages. No fabricator, installer, dealer, agent or employee of Axi Lam Pvt. Ltd. has authority to modify the obligation or limitation of this warranty.

- Grades: General and Fire Retardant [FR]
- Size: 2440 mm x 1220 mm [8'x4']
- Thicknesses: 0.8 mm

- Care & Maintenance:
 - ▶ Cleaning should be carried out with a soft moist cloth and warm soap solution.
 - ▶ Do not use detergents containing abrasive particle or excess soda.

OK

Date:

Name:

No claim will be entertained for air bubbles

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.

0.8 mm THICKNESS & SANDING SAMPLE

Bonding of laminate under high humidity, Plywood with high moisture content, Ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination / air bubble formation in between the ply & laminate.
