SIZE: 2440 X 1220mm (8x4')

- Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
- Bonding of laminate under high humidity, plywood with high moisture content, ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delaminating / air bubbles in between ply & laminate.

A B O U T U S

Instalam is a collection of marvelous pieces designed to perfection. It has nature-inspired laminate designs that can bestow an exciting look to any leeway. Solid color composition, durable body and aesthetically pleasing designs are all here together. Our idea behind creating this set was to imitate the elements of nature with honesty. Each piece included here is hence a mirror of natural majesty. Made using best in class technology, these pieces possess the eccentric appeal of mother earth and can bring the factor of dynamism to life with their sheer poise and grace. Besides, their true to feel surface textures can create impressions of timeless excellence.

ASK FOR

ANTI BACTERIAL LAMINATE

AN INVENTIVE RANGE OF ANTI-BACTERIAL LAMINATES AVAILABLE ON DEMAND

Taking care of your core spaces that are used on a day-to-day basis and are prone to easy wear & tear, the anti-bacterial laminates are used in places like kitchen tops, cabinets, table tops and maximum use areas that are in constant touch with food and kids. With these laminates, one can be rest assured that the harmful particles will be put at bay and it will serve as a worthwhile solution.

TERMITE PROOF LAMINATES

Presenting a range of laminates that will protect your spaces from termites and keep it clean and healthy at all times. For your core spaces, it's mandatory to have a surrounding of absolute cleanliness and hygiene, with termite proof laminates.

Disclaimer:

Prices vary with respect to type, finish, thickness, size and colour. Please consult with our branches / dealers / factories before quoting. Advance notice of intended discontinued items will be made known to our regular customers. Our company shall not be held liable for any consequences resulted from disruption of supply. High pressure laminates are meant for indoor use only. Avoid using on areas exposed to direct sunshine or light reflective areas. Limited warranty: Axi Lam Pvt. Ltd. warrants that, under normal use and services, the material and workmanship of their products shall conform to the standards set forth on the applicable technical data sheet for a period of twelve (12) months from the date of sale to the first consumer purchaser. Dealers and distributors are provided with the technical data sheets, which contain specific standards of performance for the product. In the event that a product does not perform as warranted, the purchaser's sole remedy shall be limited to repair or replacement of all or any part of the product, which is defective, at the manufacturer's sole discretion. This warranty is not transferable, and expires upon resale or transfer by the first consumer purchaser. This warranty shall not apply to defects or damage arising from any of the following: Accidents, abuse or misuse, exposure to extreme temperature, improper fabrication or installation, improper maintenance. No other warranties, expressed or implied, are made. Under no circumstances shall the manufacturer be liable for any loss or damage arising from the purchase, use, or inability to use this product, or for any special, indirect, incidental, or consequential damages. No fabric Axi Lam Pvt. Ltd. has authority to modify the obligation or limitation of this warranty.

No claim will be entertained for air bubbles

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.
