Axilam®
LAMINATES

At Axilam, we are dedicated to transforming spaces with our premium decorative surfaces. With years of industry experience, we blend innovation with timeless design to offer products that enhance any interior. Our commitment to quality ensures that every piece is crafted to perfection, providing both durability and style. We believe in sustainability, using eco-friendly materials to create beautiful, responsible choices for your home or business. Our team is passionate about helping you find the perfect solution to suit your unique vision. Experience the difference with Axilam, where design meets functionality.

OUR WORKING PRINCIPLES

- Quality Products
- Exclusive Designs
- Better Service

KEY HIGHLIGHTS

- Use A Grade Virgin Kraft Paper.
- German Sanding Machine For Better Sanding.
- Applying Imported Overlay Tissue Paper To Retain Shelf Life Of Laminate Surface.

MISSION

Axilam Pvt. Ltd. foresees to satisfy the increasing demand of decorative laminate in various sectors by providing the best of materials for surfaces to embellish them in the most innovative and graceful way.

VISION

Axilam laminates aims to provide consumers with trendiest and user-friendly innovations that fulfil their various types of requirements, resulting in the gratitude and satisfaction of clients and manufacturers as well as workers. With a strong adherence to quality and precision, Axilam laminates promises to serve the customers with the best and the most diverse portfolio and satisfactory services.

WHY AXILAM?

Superior Surface Quality

Crafted using premium imported décor papers, virgin kraft paper, and high-performance resins, every Axilam laminate delivers a flawless finish with exceptional durability and long-lasting visual appeal.

Trend-Driven Designs

Inspired by global interior trends, our curated collection offers contemporary textures, elegant finishes, and versatile patterns that elevate both residential and commercial spaces.

Durable Performance

Engineered for everyday use, Axilam laminates offer excellent resistance to scratches, stains, moisture, and wear, ensuring dependable performance in demanding environments.

Wide Design Spectrum

From timeless woodgrains and luxurious marbles to modern solids and abstract textures, our extensive portfolio provides the perfect surface solution for every design vision.

Advanced Manufacturing

Manufactured with precision using modern technology and stringent quality standards, every laminate reflects consistency, superior craftsmanship, and uncompromising reliability.

Trusted Partnership

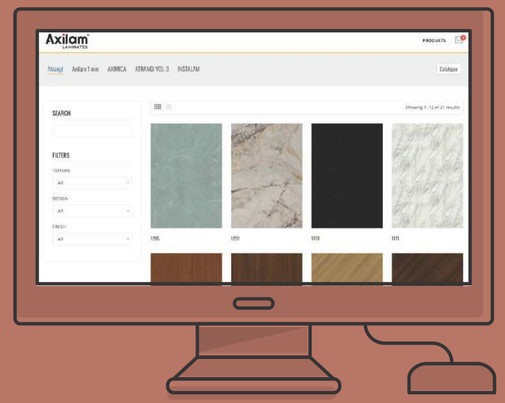

Built on quality, transparency, and dependable service, Axilam partners with architects, designers, dealers, and customers to deliver solutions that inspire confidence and lasting relationships.

KEY FEATURES

- ABRASION RESISTANT
- SCRATCH RESISTANT
- ANTI BACTERIAL RESISTANT
- ALL WEATHER RESISTANT
- MOISTURE RESISTANT
- HEAT RESISTANT
- IMPACT RESISTANT
- STAIN RESISTANT
- EASY TO CLEAN
- FADE RESISTANT
- CHEMICAL RESISTANT

Axilam® LAMINATES

Property		IS2046-95 HGS TYPE	Typical Value AXI LAM	IS2046/95 VGS TYPE	Typical Value AXI LAM
Thickness Tolerance		±10%	±10%	±10%	±10%
Appearance		No ABC Defect	No ABC Defect	No ABC Defect	No ABC Defect
Surface Wear Resistance (cycle)		>350	>400	150	>150
Boiling Water Resistance					
- Thickness Increase (max)		12%	8%	12%	8%
- Weight Increase (max)		10%	8%	10%	8%
High Temperature Resistance		Slight Effect	Slight Effect	Slight Effect	Slight Effect
Reagents	1 and 2	No Effect	No Effect	No Effect	No Effect
Reagents	3 and 4	Slight Effect	Slight Effect	Slight Effect	Slight Effect
Small Dia Ball Resistance		20 N	22 N	15 N	17/b5
Dimensional	MD (max)	0/b5	0/b34	0/b7	0/b5
	CD (max)	0/b8	0/b7	0/b8	0/b7
Resistance to Dry Heat (180°C)		Slight Change	Slight Change	Not Required	Not Required
Resistance to Cigarette Burn		Moderate Change	Moderate Change	Not Required	Not Required

- **Grades:** General and Fire Retardant [FR]
- **Size:** 2440 mm x 1220 mm [8'x4']
- **Thicknesses:** 1.00 mm

- **Axilam Features:**
  Japanese & European design papers.
  Use of best quality Kraft paper during production.
  100% Melamine resin and 100 % Phenolic resin.
  For enhanced flexibility & durability, we use best chemical raw materials.
  For added surface protection till completion of furnishing work, we provide PP wrapping film.

- **Care & Maintenance:**
  - Cleaning should be carried out with a soft moist cloth and warm soap solution.
  - Do not use detergents containing abrasive particle or excess soda.

Disclaimer :

Prices vary with respect to type, finish, thickness, size and colour. Please consult with our branches / dealers / factories before quoting. Advance notice of intended discontinued items will be made known to our regular customers. Our company shall not be held liable for any consequences resulted from disruption of supply.High pressure Laminates are meant for indoor use only. Avoid using on areas exposed to direct sunshine or light reflective areas. Limited warranty: Axilam Pvt. Ltd. warrants that, under normal use and services, the material and workmanship of their products shall confirm to the standards set forth on the applicable technical data sheet for a period of twelve (12) months from the date of sale to the first consumer purchaser. Dealers and distributors are provided with the technical data sheets, which contain specific standards of performance for the product. In the event that a product does not perform as warranted, the purchaser's sole remedy shall be limited to repair or replacement of all or any part of the product ,which is defective, at the manufacturer's sole discretion. This warranty is not transferable, and expires upon resale or transfer by the first consumer purchaser. This warranty shall not apply to defects or damage arising from any of the following: Accidents, abuse or misuse, exposure to extreme temperature, improper fabrication or installation, improper maintenance. No other warranties, expressed or implied, are made. Under no circumstances shall the manufacturer be liable for any loss or damage arising from the purchase, use, or inability to use this product, or for any special, indirect, incidental, or consequential damages. No fabricator, installer, dealer, agent or employee of Axilam Pvt. Ltd. has authority to modify the obligation or limitation of this warranty.

OK Date:
Name:

No claim will be entertained for air bubbles

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.

1.00mm THICKNESS & SANDING SAMPLE

Bonding of laminate under high humidity, Plywood with high moisture content, Ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination / air bubble formation in between the ply & laminate.

Axi Lam Pvt. Ltd.
Survey No. 432, At & Po.: Amodara (Rampura), Salal-Rampura Road, Ta.: Prantij,
Dist.: S.K., Pin Code: 383210, Gujarat, India. M: 97252 19300
: info@axilam.in : www.axilam.com : facebook.com/axilamlaminates
: axilamlaminatesofficial

SIZE: 2440 X 1220mm (8x4')

Cutting a laminate sheet at an angle of 90 degree leads to development of cracks in corner after pasting. Therefore it is advisable to avoid cutting at an angle of 90 degrees.

Bonding of laminate under high humidity, plywood with high moisture content, ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delaminating / air bubbles in between ply & laminate.
